– Easy Pralines –

Ingredients:

1 pkg. Instant butterscotch pudding	1/3 cup evaporated milk
1 cup sugar	1 tablespoon butter
1/2 cup brown sugar	1 1/2 cup chopped pecans

Directions:

Mix all ingredients except pecans in a heavy 1 1/2 quart saucepan; cook and stir to a full boil. Boil slowly about 3 to 5 minutes, stirring often, until candy reaches soft ball stage. Remove from heat; add chopped pecans or if whole ones are used, save to top each patty. Beat until candy begins to thicken but still looks shiny. Drop mixture quickly onto waxed paper to form 2-inch patties. Place a whole pecan on top of each patty.
